Since 25 years, the Aryavart Ancient Academy has led the way in delivering quality and affordable school education and became one of the best school in Khordha. The curriculum is designed in such a way that caters the children's physical, emotional and cognitive development, thus making it child-friendly. The school is not only providing best education but also pay heed to a nurturing environment which helps the students to grow holistically.

We aim to achieve this through a balanced curriculum that ignites curiosity and offers meaningful experiences. This is being facilitated by highly skilled teachers & professionals who believes in educating the children through designed pedagogy orientation and nurture them with love & care.

The school holds a honourable position at various institutional levels, with a strong alumni base from the country's top medical, engineering, social sciences institutions.

## FROM THE DESK OF PRINCIPAL :

Dear Parents & Guardian,

Here I'm proud to represents our vision and commitment to provide an excellent education to our next generation to lead an independent, active and responsible human of our society.

At Aryavart, we take pride in our endeavours to arm our pupils with essential knowledge and skills for living, in particular the ability and confidence to face the world in their different stages of life. I believe that true education is that, which helps an individual to blossom completely with academics and co-curricular activities achieve a perfect blend of the body and mind, we design on day to day planning for our students and taking care of each one of them.

There's something special about Aryavart new campus – a lush green & clean atmosphere here, which brings many positive energy to our children. At AAA, there is an uncommon bonding between teachers and students & vice versa and beyond their school curriculum.

We are one of the premium school to offer a continuity of education from nursery to Class-X. Students of all faiths, cultures and religions receive here an all-round education to understand the value of life, and achieving excellent academic results as well. Boys and girls can join AAA at any age and at any time of the year for fulfilling their academic goals.

At AAA, an excellent team of dedicated teachers with high qualification always ready to support the tender hearts for their full blossomeness.

Now you are welcome to AAA family and it is my pleasure to accept you.

**DIPTIMAYEE MOHANTY**

# VISION, MISSION, VALUE AND DREAM :

## VISION :

To establish a one-of-its-kind educational institution based on Indian Culture and Vedic Ethos for children from all over India, so that they can realize their physical, intellectual, social, mental, and spiritual potential for their balanced all-round development.

## MISSION :

At AAA, qualities like leadership and sportsmanship are closely interwoven in the school's curriculum. Our aim is that we enable and equip our students to:

- ★ Absorb and live by the universal and eternal values of life as enunciated by ancient and modern thinkers and rooted in India's spiritual heritage, culture and traditions.
- ★ Develop a scientific temperament and an attitude for excellence and learning throughout life.
- ★ Keep abreast of time without giving in to unreasoned temptations to succumb or forsaking the proven values of life.

## VALUE :

At AAA, students learn to be tolerant, supportive and accepting of differences in abilities and beliefs. These values will take them beyond the narrow definitions of success and achievement. As the world moves towards unsafe and unsettled times, we will continue to provide our students lessons in kindness, courage and generosity of the Indian culture and its ability to reconstruct and rebuild.

## DREAM :

We hope that our children will be the environmentalists who will work to reverse climate change, the doctors who will eradicate diseases, the artists, musicians and diplomats who will strive to bring peace to this world, empowered with the value systems of Ancient India.

# THE ARYAVART ACADEMIC PROGRAMME :

## Elementary School: Pratham Sopan

Covering Nursery to K.G. – II, the elementary school adopts an informal approach towards learning. Children here are encouraged to explore their environment while also being taught basic concepts in language, mathematics, computers, art and craft, dance and music. Activities at this level are designed to develop fine motor skills and enhance sensory development with an integration of physical education through trained personnel. In a nurturing environment they would develop an awareness of themselves as responsible and capable learners for the first time.

## Junior School: Dwitiya Sopan

Spanning classes I - V, the junior school is the child's introduction to full day school. This stage of school aims to build on the child's growing spirit of discovery and exploration. Emphasis is placed on the acquisition of sound language skills, mathematical concepts and scientific fundamentals. Regular project work enables students to gain awareness and in-depth knowledge. The children are encouraged to develop good study habits and a love for learning. There are no formal tests in junior school. Appraisal of a child's progress is based on Continuous Assessment & day to day observation in the class, worksheets, participation in activities. The children are also given lessons in ethics and spirituality through simple stories.

## Middle School: Tritiya Sopan

Comprising classes VI to X, this stage sees the introduction of a third language, Sanskrit, as well the detailing of history, geography, physics, chemistry and biology as separate subjects and all the excitement of their first examination. The students also learn the Ancient Aryavarta philosophy of leading successful and meaningful life.

## CO-CURRICULAR ACTIVITIES:

Aryavart is never confined to class room schooling. We believe that school is much more than academic lessons and qualifications. Many of the most important lessons are those which students learn as part of team games, cross fertilizations of ideas, competitions and collaborative work. To pave the way for such non-cognitive learning we organize a variety of competitions and cultural events which also support formal learning. Inter class/house competitions such as debate, elocution, fancy dress, group song, folk dance, rangoli, art and craft etc. provide learning experiences which enrich the educational and social development of the students. Morning assemblies arranged class wise on rotational basis is a forum for the students to address a large audience and express themselves. Every student encourage to participate indiscriminately with the intention of nurturing and developing inner talents. Activity clubs allow the learners to pursue any interest of their choice. Hand in hand with class-room education, such events provide the students with an opportunity to be a part of a broad spectrum of activities which promote the development of a "Complete Being". Some of these activities are: Quiz, Art & Craft, Music & Dance, Games, Taekwondo, NCC, Scouts, Yoga & Meditation etc.
